Program Agenda

The Indiana State Department of Health (ISDH) issues a special invitation for you to listen to the lessons learned by health officials with the botulism recall. Hear industry associates share their experiences with food recalls and learn from American Institute of Baking (AIB), an industry expert. Learn what the media can do to assist in a recall and how to be a part of a method of quick dissemination of recall and emergency information.

WHO: Food manufacturers & distributors who have or need recall/traceability plans, decision makers, plant quality assurance managers, recall coordinators, and any industry representatives who have a recall responsibility.
